

Sustainability & Transformation Plan

Q1 As part of our Joining up your Care conversations in 2014, people agreed a set of principles. Do you think these still apply today?

	Yes	No	Don't know
A greater amount of the budget should be spent on supporting people to take more control of their own health	70.5%	15.3%	14.2%
There should be a greater focus on prevention and self-care	86.6%	6.6%	6.8%
We should develop joined up community health and care services.	94.7%	2.0%	3.3%
We should bring some specialist hospital services together in one place.	66.7%	16.4%	16.9%
We should focus on caring for people with the greatest health and care needs.	70.7%	14.5%	14.8%

Q2 When resources are limited, we think the NHS and care services need to prioritise them. Rank the following in order of importance, where 1 is the most important to you.

	1	2	3	4	5
Caring for people in their own homes, or near to where they live	47.7%	21.7%	18.0%	10.2%	2.5%
Funding additional community services by reducing the number of hospital beds in the future	4.3%	14.3%	13.1%	17.3%	51.1%
Investing in health promotion - helping people to stay well for longer	21.7%	21.1%	25.8%	19.6%	11.8%
Prioritising the funding of drugs and treatments that have the greatest health benefit for the population	16.8%	24.2%	29.8%	21.7%	7.5%
Treating people with the most complicated health conditions	18.6%	19.5%	16.8%	23.3%	21.8%

Q3	We think hospital beds should be available for patients requiring medical and nursing care that cannot be provided elsewhere. Do you agree that hospital beds should <u>not</u> be used for people..	Strongly Agree	Agree	Disagree	Strongly Disagree
	Who no longer need hospital nursing or medical care	76.3%	20.9%	1.0%	1.8%
	Who feel lonely or isolated	59.0%	29.3%	7.4%	4.3%
	Who have medical needs that can be met at home, or in a care home	58.9%	33.8%	5.8%	1.5%
	Whose family feel unable or are unwilling to look after them	42.0%	32.4%	19.7%	5.8%

Q4 If you need to see a specialist (eg at an outpatient clinic), the most important thing to you would be: (choose one of the following)

- 29.8% The time I have to wait for an appointment
- 9.9% The distance I have to travel
- 56.9% The expertise of the specialist I see
- 3.3% Having as few appointments as possible

Q5 If you need urgent or emergency care services, the most important thing to you would be: (choose one of the following)

- 37.8% Ability to access services 7 days a week
- 11.7% Centres/services staffed by specialists in dealing with your illness or injury
- 9.9% The distance I have to travel
- 31.6% Prompt assessment and decision making about my treatment and onward care
- 8.9% Services that are joined up and can access information about my health and care needs
