Subject: Biologics Pathways

I can confirm that the CC does not hold the information requested; please see responses below:

QUESTION	RESPONSE
<p>1. We are doing a project looking at comparing the different Rheumatoid Arthritis, Psoriatic Arthritis and Ankylosing Spondylitis Biologic Pathways. We kindly request if you would be able to send us your most up to date biologic pathways for these 3 conditions.</p>	<p>The CCG does not have information about these clinical pathways. This information can be obtained from the Pharmacy department or Rheumatology service at Gloucestershire Hospitals NHS Foundation Trust.</p> <p>Email: ghn-tr.foi@nhs.net</p>

The information provided in this response is accurate as of 12 June 2020 and has been authorised for release by Ellen Rule, Director of Transformation & Service Redesign for NHS Gloucestershire CCG.
