

Reference: FOI 35806 GLO 11M

Subject: Anal SSC

I can confirm that the CCG does not hold the information requested; please see responses below:

QUESTION	RESPONSE
<p>1. I would be grateful if you could tell me the number of patients diagnosed with Anal SCC in 2013, 2014, 2015, 2016, 2017 and 2018 within your CCG.</p>	<p>The CCG does not hold the information at the level of detail required.</p> <p>NHS Gloucestershire CCG take information on cancer statistics from the national Cancer Data toolkit, this is publically available information and can be accessed on the link below.</p> <p>https://www.cancerdata.nhs.uk/incidence/base_numbers</p> <p>Although it is an excellent resource it does have some limitations, including that the detail is less fine at a local level. This resource includes information from 2001 to 2017 inclusive.</p>

The information provided in this response is accurate as of 30 June 2020 and has been authorised for release by Ellen Rule, Director of Transformation & Service Redesign for NHS Gloucestershire CCG.
