

Reference: FOI 35852 GLO 11M

Subject: Covid 19

I can confirm that the CCG does hold some of the information requested; please see responses below:

QUESTION	RESPONSE
<p>1. How much have you been allocated by the £1.3bn fund to support faster patient discharges from hospital during the covid-19 pandemic?</p>	<p>No allocation has been made to the CCG for this scheme as, unlike the local authority, all funding is reliant on a monthly claims process. Following approval of any claim, an allocation is received but no prospective funding has flowed to date.</p>
<p>2. How much have you spent of your allocation from the £1.3bn covid-19 discharge fund?</p>	<p>In the period from 1 April 2020 to 31 May 2020 the CCG claimed for costs incurred of £1,565k. This claim has now been approved and funding received to this total.</p>
<p>3. How much has your local authority contributed towards the £1.3bn covid-19 discharge fund?</p>	<p>Nil</p>
<p>4. How many care homes did you provide oxygen to as a result of covid-19 outbreaks between:</p> <p>a) March 1st to April 15th</p>	<p>Our home oxygen supplier is contracted to provide Home Oxygen on a named patient basis and therefore would not supply Oxygen as a generic supply to a Care Home. Gloucestershire CCG therefore confirms it is unable to answer these questions due to:</p> <ol style="list-style-type: none"> 1. The CCG does not hold the requested data listed by Care Home as services are not commissioned in this way 2. To determine the data all Patients addresses would need to be individually reviewed to see if their address was a care home and this may not be apparent from the name of the building
<p>b) April 15th to June 16th</p>	

5. How many covid-19 outbreaks have there been in care homes in your area from March 1, 2020 to date?

The CCG does not hold this information, it is reported to Public Health England who notify Gloucestershire County Council.

However this information is also available publically here:
